

Samsung Emergency Contact

To add an emergency contact on a Samsung phone, navigate to Settings > Safety and emergency > Emergency contacts and then select the contacts you want to add. You can also choose to display these contacts on the lock screen for easy access during emergencies.

Here's a step-by-step guide:

1. Open the Settings app on your Samsung phone.
2. Tap on Safety and emergency.
3. Select Emergency contacts.
4. Tap Add member to choose contacts from your list.
5. You can also toggle on Show on Lock screen to make them readily available.
6. Tap Done to save the changes.
